

F1000

3.2mil Matte Wht PE

This polyolefin-based, clay-coated film is designed to be compatible with most print methods. This film provides superior performance where resistance to tear, grease, moisture, and temperature fluctuation is needed. It will die cut and fold easily. It is also compatible with hot stamping and embossing. Outdoor durability will last up to 18 months depending on the climate and exposure. When using for hand held applications, it is recommended to remove the liner from the label in order to reduce pickers curl.
